Parking suggestions for the shuttle bus (Finish Line Location)

There is no designated car parking for this event, however we recommended the following locations which have free all-day parking. Ensure you allow extra time to find a park and to walk from your car to the bus station. **See map for walking routes below. Both locations are a 10-15 min walk to Noosa Bus Station.**

1. Noosa Woods, Claude Batten Drive. This is closest to the finish line and the bus station, however parking may already be full by the time 30k teams arrive.
2. Streets around Ravenwood Park, along Noosa Parade (across the bridge) e.g. Ravenwood Dr, Belli St, Wesley Ct.

Bus departure point instructions

- There are permanent toilet facilities across the road (Lions Park carpark)
- 30k only: wear your bib (your wave time is written on your bib)
- Be in your wave queue to board the bus at least 10 mins before your departure time
- Listen for your call to board the bus. Respect others and do not try to skip the queue and take someone else's spot on the bus. Staff will check your bib.
- Keep together as a team at all times
- Buses must depart on time. If you miss your bus, you will have to patiently wait for the next available spot on a bus. Report to staff in high vis if this happens.

Team changes

Must be done at the **Team Changes Desk** at bib collection. Bring a completed **Team Changes Form** (sent with your bib number email 2 weeks before event day) or fill one out on arrival.
